

How I learned to stop worrying and love atomic()

Database integrity fundamentals in Django

Nick Sweeting
@theSquashSH

Background

Nick Sweeting

@theSquashSH

Co-Founder/CTO @ Monadical.com

We built OddSlingers.com, a fast, clean online poker experience made with Django + Channels & React/Redux. We learned a lot about database integrity along the way.

Disclaimer: I am not
a distributed systems expert.

I just think they're neat.
